

# SEAKEEPER DISPLAY SOFTWARE COMPATIBILITY

PRODUCT ALL SEAKEEPER MODELS

## PURPOSE

Provide Information and clarification for display software revision releases and compatibility with GCM software versions.

## DESCRIPTION

Use the below table to reference the correct GCM and Display software version compatibility.

GCM Version	Display Version	Display Type
M-Series (ALL)	2.51	3.5" display only
2.XX	4.03	3.5" display only
3.XX	5.00	3.5" display only
4.XX*	6.09	3.5" display only
10.XX or 11.XXX	6.09 7.45.2.200	3.5" Push Button Display 5" Touch Screen Display

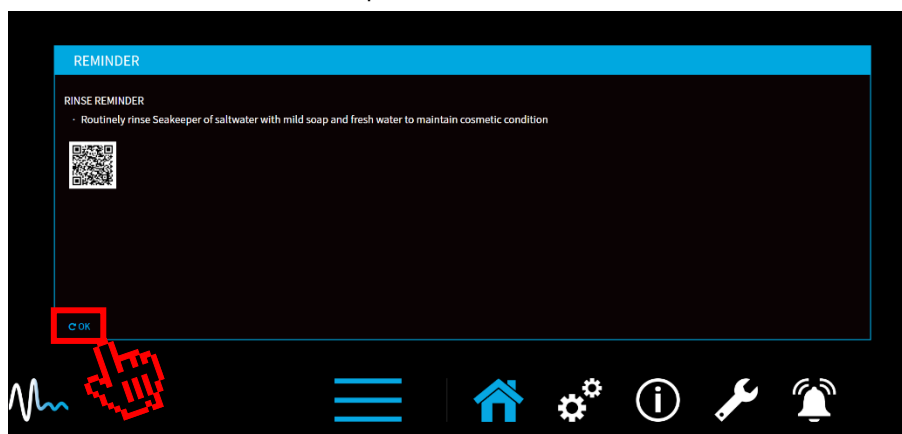

\* Including M-Series stabilizers with Seakeeper electronics

**IMPORTANT!** A Seakeeper will show an alarm until all displays connected to a single Seakeeper GCM are loaded with the same compatible display version.

## DETAILED INFORMATION

5" TOUCH SCREEN DISPLAY SOFTWARE v7.45.2.200 provides the following features:

- Reminder to Rinse Unit at Coastdown:** An alert notification will popup during every coast event. The user can acknowledge the alert by pressing "OK" and it will no longer appear until the next power cycle and coast. The popup is accompanied with a QR code that links the user to the *freshwater rinse* article on the Seakeeper website.

PRODUCT ALL SEAKEEPER MODELS

- Maintenance Service Reminder:** This feature is available on models with GCM software 11.130 and after. The service reminder is a counter that appears in the Maintenance screen . The 'Next Service Reminder' will decrease based on run hours. At any time, the 'Reset Service Reminder' may be pressed to reset the service interval. When the counter reaches zero hours, a reminder will popup every time the unit is powered. From the popup window, the user can decide to suppress the reminder or reset the service reminder. If suppressed, the user will not be notified again for that power cycle. The popup is accompanied with a QR code that links the user to the *Maintenance Schedule* page on the Seakeeper website.

- **Seakeeper Registration Reminder:** This feature is available on models with GCM software 11.130 and after. At 20 run hours, the user will be reminded to register their Seakeeper by a popup window. The reminder will occur only once for the life of the Seakeeper. The user can select 'OK' to dismiss the reminder. The popup is accompanied with a QR code that links the user to the *warranty registration* page on the Seakeeper website.
